## PYRAMID EXECUTIVE DASHBOARD

Pyramid Executive Dashboard is a reporting tool that displays key management information relating to tenants accounts, arrears history, outstanding repair orders, manager arrears and many more...

Some of our customers have already implemented the Executive Dashboard. Read what Nigel Spice, Finance Director at Gravesend Churches Housing Association had to say:

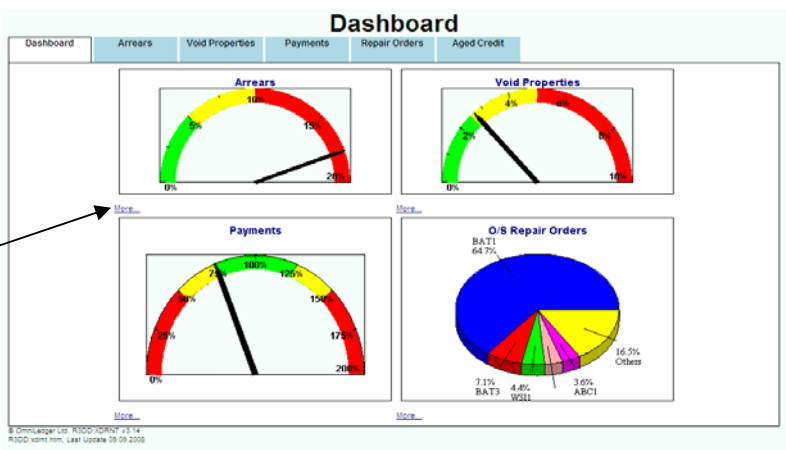

**Nigel says "The executive dashboard is proving to be a really worthwhile purchase. The real time data and the fantastic drilldown facilities have enabled us to understand exactly where the problem areas and issues lie within our organisation and client base.**

**The graphical displays are really easy to read and understand and we have been able to significantly reduce the number of reports that we write. There is no more waiting for someone else to provide the information. We have made the dashboard available to all staff so there are no more excuses - everyone knows where we are all of the time."**

The Executive Dashboard can be launched from your desktop and Pyramid will then extract the key information for you.

To retrieve more in-depth information you can click on the 'More' option. For example: the Arrears section will provide you with a graphical summary for all arrears; by Area Manager, Local Authority, tenants and much more.....

Pyramid can still go even further!

You can click on any of the graph segments to see the values and then click again to drill down to the next level.

So, if you want to see which tenants owe more than £1,000 in Knebworth, simply click on the segment and a list of tenants appears. You can even click on the tenant key, which will bring up individual tenant information.

Should you wish to discuss this further, please feel free to contact Lee Wagnall or Gary Dempsey on 01707 324201, or email us at [sales@omniledger.co.uk](mailto:sales@omniledger.co.uk)
