IT'S THE VERY LATEST

“Ballynafeigh Housing Association chose OmniLedger following a very impressive demonstration of their product and the system has proved to be easy to use and provides excellent advances on the Associations previous software provisions.

Implementation of the OmniLedger system has been made very smooth and training and support has been excellent thanks to Mr Phil Masterton.

We feel that OmniLedger's user friendly, comprehensive system will lead to a much improved service to the Associations stakeholders and would have no hesitation in recommending it.”

Paul O'Neill - Director  
26th October 2006
