**brighter futures**

creative support, housing and employment

**OmniLedger** are pleased to announce the award of a new contract to supply their fully integrated Pyramid Housing Management system to **Brighter Futures**.

Brighter Futures is a registered social landlord, providing a supportive community for people experiencing social exclusion such as homelessness, mental health issues, alcohol dependency etc.

**John Vickers, Finance Manager for Brighter Futures, said,** "In selecting Pyramid from OmniLedger, we intend to consolidate our current diverse systems into one integrated management and reporting platform. The flexibility inherent in Pyramid will allow us to report and react effectively to changes in our business.

**Lee Wagnall, Sales Manager at OmniLedger, added** "The flexibility of the Pyramid system allows the user to get the IT system to work for them, rather than adapting their established procedures to accommodate a new system. Our UK client base is growing at a significant rate and we have several new products, such as Pyramid Online (Tenant Web Access) and Custom Data, a new module that provides the user with browser based tools for customising a complete new set of data fields that suit them".
