

## METHODIST MINISTERS' HOUSING SOCIETY AWARDS HOUSING MANAGEMENT CONTRACT TO OMNILEDGER

**OmniLedger** has announced the award of a new contract to supply its fully integrated Housing Management system, Pyramid, to **Methodist Ministers' Housing Society**.

The Methodist Minister's Housing Society provides homes for retired Methodist ministers, deacons and their widows/widowers. The Society purchases properties as required and owns 950 located throughout the UK. A comprehensive service is provided including day to day and planned maintenance, refurbishment, aids and adaptations and the opportunity to move when there is a need to do so.

**Shelagh Morgan, Chief Executive of Methodist Ministers' Housing Society**, said: "We chose Pyramid because it provides us with the facility to manage the various activities within the organisation, including the performance of maintenance contractors and progress on purchase and sale of properties. We are a small team and require a system which can be implemented over a short period of time and is easy to use."

**Lee Wagnall, Sales Manager at OmniLedger**, added: "OmniLedger have again won a prestigious contract in an extremely competitive market and we are looking forward to working with Methodist Ministers' Housing Society in the forthcoming months".
