HOUSING ASSOCIATION

**OmniLedger** are pleased to announce the award of a new contract to supply their fully integrated Pyramid Housing Management system to **Ruchazie Housing Association**.

Ruchazie manages 174 newbuild and rehab houses and has an active development programme with 58 units currently on site and a further 100 in planning stage.

The Association appointed a housing management consultancy firm, Smith Housing Services, to manage the selection and implementation of the new system.

**Moira Smith, of Smith Housing Services, said.** *"The staff at Ruchazie and myself spent a considerable period of time researching and viewing alternative systems before deciding on Pyramid which meets the Association's current and growing needs. The feedback from current users in Scotland was extremely positive in terms of operating the system and ongoing support. We are currently processing the transfer of data, and hope to be "live" by the end of the year"*

**Lee Wagnall, Sales Manager at OmniLedger, added** *"It's very heartening to welcome yet another addition to our Scottish Pyramid user base. Our UK client base is growing at a significant rate and we have several new products, such as Pyramid Online (Tenant Web Access), a fully integrated Factoring module and Custom Data, a new module that provides the user with browser based tools for customising a complete new set of data fields that suit them."*
