

## WESTWAY

HOUSING ASSOCIATION LTD

Westway HA Ltd, who are based in West London, have recently placed an order for a new Housing Management system with Hertfordshire based, OmniLedger Ltd.

Having identified the need to replace their current system, Westway Housing's Finance Manager, Peter Davies, began the process of contacting the possible suppliers. A detailed system requirement specification was then issued to four suppliers that were short listed to respond to the tender documentation.

After exhaustive examinations of the four responses two suppliers were invited to demonstrate their products on-site. After the demonstrations and site visits to existing clients, the users unanimously chose OmniLedger as the preferred supplier.
