

# DATASHEETS

## Pyramid Mobile

Exploit the benefits of integrated mobile working technology using Pyramid Mobile, a comprehensive suite of applications designed to operate on multiple mobile platforms such as; the iPad, iPhone, Blackberry, Android devices and tablets. Pyramid Mobile provides complete integration with your back office Pyramid system on a variety of modules, which can promote:

- ◆ Increased time with residents
- ◆ Intelligent two-way communication between mobile device and Pyramid
- ◆ Workflows can be mapped to your existing business processes
- ◆ Full audit trail to track all data received from your mobile operative
- ◆ Customisable forms to further extend use of Pyramid Mobile to other modules
- ◆ Standard library of forms for common business processes

Pyramid Mobile is available for three key system areas; Rents, Repairs and Supporting People and a brief breakdown is illustrated below:

### Rents

- ◆ Tenant Updates – Contact Records
- ◆ Take Tenant Pictures
- ◆ Take Property Pictures
- ◆ Adding Tenant Note Records
- ◆ Adding Tenant History Arrears
- ◆ Action Record

### Repairs

- ◆ Maintenance Requests
- ◆ Property Inspections
- ◆ Raise Repair Orders
- ◆ Take Repair Work Pictures

### Supporting people

- ◆ Action Logs
- ◆ Meeting Logs
- ◆ Client Picture
